職場体験学習 Learning through workplace experience

学習発表会 Study presentations

With varied individual characters, Oharu children are enthusiastic in learning.

Schools foster rich humanity while enhancing the class teaching and incorporating job experience programs. Also with the support of PTAs, the Home Education Promotion Council and other groups, we are pursuing education that encompasses the entire community.

In addition, in response to the advanced information society, we make active use of audiovisual teaching materials and equipment to encourage educational activities that help grow individuality while stimulating learning motivation and interest in the study materials.

文化祭 Cultural festival

さまざまな経験を通して豊かな人間性を育みます。勉強も運動も思いっきり!元気いっぱいの大治っ子たち。希望あふれる未来を切り開いていくのは、

運動会 Athletic meet

Develop the power that carries future generations.

The energetic children of Oharu Town are the ones who will open up the future full of hopes. They try their best both in studying and playing sports. They develop rich humanity through various experiences.
